## PAGE'S QUALITY SEEDS

IN BULK

### Season of 1951

"At Your Service  
For the 55th Year"

## THE PAGE SEED COMPANY

GREENE

NEW YORK

Greene, New York  
February, 1951

Dear Mr. Dealer:

Fifty-five years ago we started in business. Great advancements have been made during that time. Several new varieties have been developed and presented to the trade. Many old standbys are still with us and probably always will be. Look over this spring price list and send us a list of your requirements.

A year ago we thought things looked better in this country and abroad, but now we could almost say its the same as 1941. Worldwide insecurity again brings with it a sense of responsibility. Runaway prices and nagging thoughts of shortages in food and other lines plague us all.

In war and in peace, food is the first bastion of defense and seed comes first. But Seed requires good soil to produce. The soils of Europe are worn out and have not had time to be repaired. This country will again stand the blunt of furnishing a large part of their requirements.

Now, What can we do about it? We hate to think of the term, "Victory Gardens" again, but it looks like that is what it is going to be. The small gardener can help a lot. Every bushel of corn, every peck of potatoes and every pound of carrots, beets, onions, etc. will help. They will cut down the demand on the large growers and at the same time furnish the family with fresh grown vegetables. We urge you to encourage the building of small gardens in your community.

We will be pleased to receive your order and assure you high quality seeds and prompt service.

Very truly yours

THE PAGE SEED CO.

**T**HIS is our Spring Price List for 1951. Due to some crop failures and some shortages, we are not able to offer certain items. Where these occur we hope that you will be able to make another selection that will serve as a substitute. All previous quotations are cancelled. These prices are offered with the understanding that they are subject to change without advance notice, and subject to stock remaining unsold when the order is received.

These are Dealer prices, that is for those firms that resell seed at retail. Terms on orders are: Vegetable, Flower and Lawn Seed —  $1\frac{1}{2}\%$  10 days, 60 days Net to firms of approved credit rating, or for cash with the order, F. O. B. Greene, N. Y. All other items listed are: Net Cash (no discount), or cash with order, F. O. B. Greene, N. Y.

All orders shipped out by us are sent with the understanding and agreement that "The Page Seed Company warrants to the extent of the purchase price that seed, plants or bulbs sold are as described on the container within recognized tolerances. Seller gives no other or further Warranty, express or implied.

# WOOSTER Lawn Bilder

TRADE MARK  
the long lasting Lawn Food  
containing 2,4-D Weed Killer

## DOES 3 JOBS IN ONE SIMPLE OPERATION

- 1 Promotes luxuriant growth of grass. Contains a quick-acting supply of nitrogen, phosphorus and potash for a fast pick-up, and a slow-acting supply for continued feeding. The nitrogen and phosphorus are provided by the soybean meal base.
- 2 Kills obnoxious weeds. Contains 2, 4-D Weed Killer to free lawns from dandelions, plantains, buckhorn and other common weeds, without injuring grass plants. Weed Killer to free lawns from dandelions, plantains, buckhorn and other common weeds, without injuring grass plants.
- 3 Improves soil. Organic ingredients add humus, improving the soil and making it more retentive of moisture.

**Not Recommended for Newly Seeded Lawns or Creeping Bent Lawns—**

Use Wooster Plant Bilder for These.

10 lb. bag	\$1.29
25 lb. bag	2.75
50 lb. bag	4.85

25 lbs. treat  
2500 sq. ft. of lawn

## WOOSTER Plant.Bilder

### THE LONG LASTING FERTILIZER

Wooster Plant Bilder is an ideal double-action fertilizer for newly seeded lawns, creeping bent lawns, flowers, vegetables and shrubs—a quick-acting supply of nitrogen, phosphorus and potash for a quick pick-up and a slow-acting, long-lasting supply (from the soybean meal base) for continued feeding. For general use, broadcast 4 pounds of Plant Bilder to 100 sq. ft. of surface.

10 lb. bag	\$1.00
25 lb. bag	2.25
50 lb. bag	3.75

## **P A C K E T   S E E D S**

If you do not already have a display of Page's Seed Packets ordered, you can still send in an order. An assortment of Vegetable and Flower Packets will be sent, shipping charges prepaid. These cases of packets are supplied to Dealers on a Contract of Sale and Return. The unsold packets are returned at the close of the season for credit. The discount on sales is based upon the volume of sales made. The more you sell, the higher the discount.

All displays should be checked frequently during the selling season and orders placed for additional packets when it is seen that the supply is running low. By maintaining your supply, you increase your sales.
